#### **NEW CLIENT EVALUATION**

Please remember to bring ALL your completed paperwork with you.

If you do not bring your paperwork in or if your paperwork is not FULLY completed, we will not be able to see you.

#### **New Health Evaluation**

Your New Health Evaluation will last 45 minutes to 1 hour and will include a thorough non-invasive history and exam, a Heart Rate Variability Test and may include a neurological and kinesiology examination using the Nutrition Response Testing.

We will use these evaluations to determine if your case is a good fit for us and you use this time to decide if we are a good fit for you. If we decide we are a good fit for each other, we will structure a program for you based on our findings and present this to you at your second visit.

## **Report of Findings**

The Report of Findings visit will last 30 minutes. We discuss all our findings and our plan of action moving forward. We will typically schedule this visit the same day or within 2 days of your first visit. We will present you with your Report of Findings prior to the visit, so that you can read through it and prepare any questions you may have in advance. We will also determine if any lab testing is warranted at this stage.

If you agree with our treatment plan and choose to follow our suggested plan we will start treatment on this day using Nutritional Response Testing and any other modality needed on the day.

## **Subsequent visits**

These visits typically last 15 minutes and treatment modalities will be determined on the day based on your specific needs. Longer appointments may be required to go over test results but this will be discussed in advance.

#### PERMISSION AND AUTHORIZATION FORM

#### REGARDING THE USE OF NUTRITION RESPONSE TESTING™

### Please read before signing:

I specifically authorize the natural health practitioners at The Spring, Center for Natural Medicine to perform a Nutrition Response Testing health analysis and to develop a natural, complementary health improvement program for me which may include dietary guidelines, nutritional supplements, scar treatment, etc., in order to assist me in improving my health, and not for the treatment or cure of any disease.

I understand that Nutrition Response Testing is a safe, non-invasive, natural method of analyzing the body's physical and nutritional needs; and that deficiencies or imbalances in these areas could cause or contribute to various health problems.

I understand Nutrition Response Testing is not a method for diagnosing or treating any disease including conditions of cancer, AIDS, infections, or other medical conditions, and that these are not being tested for or treated.

I understand that I am not seeing a physician and that no promise or guarantee has been made regarding the results of Nutrition Response Testing or any natural health, nutritional or dietary recommendations.

**Cancellation Policy:** No fee is charged if a 24 hour notice is given for a cancellation.

Late cancellations or 'no shows' will be charged.

### I have read and understand the foregoing. This permission form applies to subsequent visits and consultations.
